The rule of 37 CFR 1.145 is recited, as follow:

=====
20 **37 CFR 1.145 Subsequent presentation of claims for different invention.**

 If, after an office action on an application, the applicant presents claims directed to an invention distinct from and independent of the invention previously claimed, the applicant will be required to restrict the claims to the invention previously claimed if the amendment is entered, subject to reconsideration and review as provided in §§

Therefore, currently submitted or amended claims are believed to be permitted
30 for examination if the currently submitted or amended claims are directed to the

invention previously elected.

As a result, examination for currently submitted Claims 242-248, 250-252, 254,
